

Dear Ms. Devries,

Attached are the Power Point of Dr. Thomas Mack of the California Cancer Registry on the communities surrounding the Santa Susana Field Laboratory site. Dr. Mack is the former Chair of Cancer Surveillance for Los Angeles County. He is on staff at USC.

<https://pressroom.usc.edu/thomas-m-mack/>

The second attachment is a presentation by Dr. Thomas Mack to the West Hills Neighborhood Council regarding cancers in our community.

Dr. Mack is also the Chair of the California Proposition 65 Committee for the State of California. This committee defines what a carcinogen is for the State.

Please post the attached two pdfs from Dr. Mack with the letter to follow and other documents that I will be submitting to you today.

Thank you,

*Christine L. Rowe*
